- Globally recognized business leader, legal strategist, and public, private and nonprofit board director.
- Expert on privacy, data protection, consumer protection, AI governance, compliance and information policy.
- Extensive experience building and leading international teams, engaging and negotiating with regulators and policy makers, and responsibly enabling high-velocity product strategy at scale.

Current

Google / Chief Privacy Officer and Vice President, Legal

March 2011 - Present, San Francisco, California

- Built and led team of 80 privacy and consumer protection professionals around the world to guide product strategy, provide legal counsel, and monitor compliance across all Alphabet products and services (incl. 6 with over 2B users, and 15 with over 500M users).
- Served on the Privacy and Data Protection Office Steering Committee with direct reports of CEO. Met weekly to align product strategy with data protection commitments.
- Successfully led efforts to comply with sweeping changes to legal obligations, including the General Data Protection Regulation in Europe and the CCPA in the United States.
- Resolved disputes and investigations with national authorities with minimal business disruption or civil penalty. Built collaborative, trust-based relationships with regulators and policy makers around the world.
- Google's primary external advocate and spokesperson globally on privacy and data protection.
- Legal Senior Leadership Team member for department of over 1400 employees, with leadership responsibilities including AI governance, consumer protection, privacy, performance management, and departmental well-being
